Verse

3 am; tossin' and a turnin'  
Eyes wide open; My minds a churnin'  
Her body close; To me she's clingin'  
I jump out of bed; And start to singin'

Chorus

She's a bit unstable  
Completely unshakable  
Barely maintainable  
She's unexplainable

Full of profanity  
Her body of vanity  
This cause of Insanity  
It's all a calamity

She's so touchable  
Lips so kissable  
Passion is blissful  
Everything admissible

Driving me crazy  
An impatient lady  
My thinking's all hazy  
Can't say no or maybe

Completely compelling; She's unforgettable  
Exceedingly sociable; Fashion negotiable  
The flowing of gossip; It's unstoppable  
The queen of drama; It's all emotional

Solo

Verse

The confused Psychiatrist; Leaving psychiatry  
The Ninjas are running; She's the master of cunning  
Rulers are bowing; Her presence is towering  
And her future ambition; Is world acquisition

Chorus

She's a bit unstable  
Completely unshakable  
Barely maintainable  
She's unexplainable

Full of profanity  
Her body of vanity  
This cause of Insanity  
It's all a calamity

She's so touchable  
Lips so kissable  
Passion is blissful  
Everything admissible

Driving me crazy  
An impatient lady  
My thinking's all hazy  
Can't say no or maybe

Completely compelling; She's unforgettable  
Exceedingly sociable; Fashion negotiable  
The flowing of gossip; It's unstoppable  
The queen of drama; It's all emotional

Solo

Verse

It's 4 am  
And there's no solution  
What had happened  
During evolution

I jump in bed  
And She looks at me  
She says shut your mouth  
You're crazier than me

So touchable  
So kissable  
So sociable  
So fashionable  
Incredible  
Emotional  
Desirable  
Remarkable  
Unstoppable  
Unshakable  
Unbreakable  
And unforgettable

yeahhh

# Rokita

ROKITA is Chris Rokita, a songwriter, arranger, producer, recording engineer, sound designer, singer and visual artist hailing from Frankenmuth, Michigan, who, as a passionate and dedicated professional engaged in technology generation, is creating music that is powerful, inspirational, uplifting, and upbeat. Simply stated, he creates music that leaves listeners in a state of euphoria!

*"I understood early on that I had a burning desire to pursue music" Rokita explains, "I wrote a few lyrics back in my high school and college days and my oldest brother was in a band and played guitar. However, no other family member played any musical instruments. Without a good musical upbringing, I needed to unlock my potential and grow on my own. So, everything I know, I picked up as I went along. I learned by surrounding myself with amazingly talented pioneering creatives in the music industry, and most importantly, I learned by doing, improving, taking criticism, and never giving up. These are important life lessons I learned to build upon to achieve my success."*

*My influences run deep. Especially near and dear to my heart is the Classic Rock music style of the 60s, 70s and 80s...with that very real emotional feel. I grew up enjoying the popular Metal bands of the day; Iron Maiden, Ronny James Dio, Poison, Ratt, and the like. These bands really know how to drive emotions with their music...and the guitar work was phenomenal. Also, I have traveled extensively out-of-country and doing so has given me the opportunity to experience so much incredible music first hand."*

Over the course of his career, Rokita has collaborated with world-class artists such as living musical pioneer Robert (Bobby) Lee Balderrama (founding member and original guitarist, backing vocalist, and songwriter with Question Mark and the Mysterians) as well as Latin Music singing sensation Liliana! While collaborating with incredibly talented artists, Rokita continues to hone his production and songwriting skills which he sees as tremendous assets while forging ahead with his solo career. *"I am an unsigned non-major label artist operating my own business, so it falls upon me to know as much as possible and be proficient in many things so that I may give my fans not only great music but overall great product as well. I always strive to raise the bar ever higher when writing and composing a song. And I am a consummate professional who has a sincere love of my profession and a complete dedication to and passion for my craft."*

"She Is" is the latest single from ROKITA. *"This is a fun party song,"* describes Rokita excitedly. *"The music and lyrics complement each other perfectly. It is about a man's struggle to understand how women think. I want to give a special shout-out and thanks to my wonderful wife for driving the inspiration for this song."*

~ William Kelly Milonis

*"I am dedicated to making "feel good" "inspirational" styles of music that are not limited to any genre, instrument, or language."* ~ Chris Rokita

*"So very grateful for your support.  
It really means so much to me."
